YOU ARE OUR HEROES!

Dear pupils of Hollywood National School,

I wanted to officially thank you so very much for your wonderful donation of **€605**. We are so genuinely thankful to have your support, you are **AMAZING!** Your school and families should be very proud of you.

Since 2006, we have seen over 26,000 young people reach out and ask for help. And we are making a real difference to the lives and futures of these young people. **Your support allows us to continue this positive work.**

Here in Jigsaw, we believe that in order to bring about the changes needed to help young people in Ireland, everybody needs to be involved. By raising these funds and choosing to support young people's mental health, you are all playing your part. Thank you.

Kind regards,

**Justin McDermott
